

Media Release on the Occasion of the 10th Anniversary of the Institute

The Institute Nova revija for the Humanities (INR) has in the **10 years** of its activity organized **41** interdisciplinary thematic discussions, meetings, symposia, and national as well as international conferences. The thematic scope of events includes the topics of: *freedom, justice, humanity, authority, the humanities, interdisciplinary character of science, historiography, censorship, Slovenian language, literature, art, architecture, intercultural dialogue, social consensus, democracy, Europe, value chains, economy, competitiveness, crisis, migrants*, etc.

In the events organized by the INR **227 contributors** from Slovenia and abroad have taken part.

The establishment of the international *Forum for the Humanities* (<http://www.for-hum.com>) offers a new platform for the activities of the INR in the international research community through the organization of conferences, publications, scientific and project collaboration.

The papers presented at the events of the INR have been published in the journals *Phainomena* (<http://www.phainomena.com>) and *Nova revija*, as well as in the collective volumes *Cenzura [Censorship]*, *Umetnost in forma [Art and Form]*, *The Faces of Europe*, and *Freedom and Justice as a Challenge of the Humanities* (booklet of abstracts). Our publications are available for purchase at: <http://www.eberem.si>.

The website <http://www.institut-nr.si/en/> offers further information on the programs, projects, publications, and other activities of the institute.
